What's new in BlamBox:

: The Official Guide to H.P. Lovecraft's Mythos Do you ever wish you could play a tabletop roleplaying game set in a world of Cthulhu? Congratulations! You can! With the **Call of Cthulhu®** roleplaying game from Chaosium. Did you know that a reality in which Hindenostri's archaic Denizens of the Night and Nosferatu exist could be right under your nose? Vampires that lie dormant and patients stinking of death now have a home, and with a book called 'The Official Guide to H.P. Lovecraft's Mythos' and a board game called 'Call of Cthulhu', you can step into the mortal coil and travel with these creatures through visions and consciences. The **Elder Sign™** rulebook shows you the secrets of the Syapseal cycle and how it moves through the dimensions. The second edition of the 'Call of Cthulhu' board game puts you in the role of investigators responding to the ways the great powers of the Ancient Ones still shape the world. Created by Greg Achilleos and Tom Dowd in 1990 for KultGameFest 1990, 'Call of Cthulhu' was originally intended to be a title set in the World of Darkness roleplaying game with an easy-to-learn format. It quickly earned a cult following, and Greg and Tom brought the fans on board to really push the table-top game to the next level. After 22 years, Tome Productions and Chaosium are proud to be the proud owners of Call of Cthulhu. Greg and Tom In the world of Cthulhu Are you engaged in the ritual of summoning the Elder Gods? Are you concerned about a malignant force that doesn't really need introduction? Then Call of Cthulhu has the world you need. Based on the universe of H.P. Lovecraft's Cthulhu Mythos and set in the World of Darkness, the world in which other parts of the game (such as Vampire: The Masquerade and Wraith: The Oblivion) exist, Call of Cthulhu is easily the most popular roleplaying game for geeks with a love of the Cthulhu Mythos. Even though the mechanics of the Call of Cthulhu system are simple, don't be fooled by their apparent simplicity - the system of combining rolls of cards, dice, and counters becomes overwhelming to the uninitiated. And even high level players may find the system of roleplaying hard to wrap their heads

Shadow Redemption was created in the inspiration that a truly free-to-play

mmorpg should not have objects in any game shop that can give one player an advantage over another. If we implement an in-game store at any point, only cosmetic items will be sold. We hate seeing upgrade runes, end game gear and 'chance boxes'. Our game isn't based around who has the most money they can spend, it's based around a truly unique experience that will be updated on a regular basis for free. You choose the way you experience Shadow Redemption. Focus on side quests, or start hashing and slashing once you get your starting weapon. Most enemies have chances to drop rare gear at a reduced drop rate, equivalent to the quest rewards you'll be receiving. Shadow Redemption is always here as a second home for you. Charge into battle against your allies as you gain enough honor points to achieve rank 20.(Gradual level requirements) Achieve a variety of titles and eventually earning an elite character status when you obtain the rank, 'WARCHIEF'. And look forward to PvP vendors being added into Shadow Redemption in future updates when season 1 starts. Be a part of our growing community! Visit our website, follow us for updates, share your opinions and ideas. We value your opinion and we can't wait to see you in-game! If there is any unsupported hardware or software or issues, please make sure to report it through the support form on our website or via in-game chat support. Steam link: It's been over 18 months since Arctic royals Ellie and Marie returned home to their kingdom of Lightwell after the Queen's War. With peace reigning over their world, the sisters set to remake the way they live and love as they rediscover the people and things they cherish most. If only their mates could give them a break from thinking and worrying about that one thing... but when their magic transforms a pair of greedy hunters into troublesome nemeses, they are forced to confront the uncertainty of their future. Dates for All. Subscriptions for All. Virtual reality and new adventures galore! Meet the light-fusers, indie developers and streaming big dogs, discussing how they'll bring AR, VR, and YouTube together to entertain fans. Debuting today, our AMA series will take place with Bear Cavalry Entertainment at PAX South 2016. Just come

Mississippi's Democratic Senate leaders met Friday with Senate Minority Leader Mitch McConnell, R-Ky., as the state's special U.S. Senate election heated up amid new allegations about a private meeting between the two senators days before the vote. McConnell, who was first elected to the Senate in 1984, is up for re-election in an election on Nov. 4. He dropped out of that race in August, citing a financial pledge he made to President Barack Obama. The self-professed transformational conservative recently raised his profile with tea party and other conservative groups in the run-up to the election. McConnell said he was willing to meet privately with the
