Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had over 164 million monthly active users, including more than half of all American children under 16. Although Roblox has received generally positive reviews from critics, it has faced criticism for its moderation, microtransactions, and exploitative practices directed toward children. Roblox is one of the biggest kids' online games to go mainstream, and on top of being entertaining, the company provides a unique opportunity for players to earn money as they play. Other than the free games that are included at the Roblox website and its mobile app, users can purchase virtual items into their Robux wallets for a small sum. Roblox was an ambitious idea which offered gamers of all ages opportunities for creativity, teamwork and self-expression. As a result, it created an environment for everyday people to make their dreams come true, no matter their age. Over the years, the game has attracted a large following, but its success shows no signs of stopping. The gaming system was invented by a team of four developers who were friends from the University of Southern California. The game started as an online gaming system at the USF InteractiveMedia

Is it possible to get robux by other means? A: Here are all the ways you can get free robux in roblox: Robux Generator Sites Some are often advertised on social media and one of the many comments on the flickr page appears to be targeting smartphone users. Either way, the ads are fake and the website doesn't provide any roblox currency (not that I was ever able to confirm that). I've checked several of the best, but have gotten 0 robux by creating a free account. I'd suggest that the sites are targeted at children (and really suck at any effort to verify an account's authenticity). Robux for sale on Willing sellers advertise their robux on this site. I've personally sent robux messages to a variety of individuals, but they are fake. I'm not saying they never sent me anything, as there are several legitimate accounts, but I'd say they are fake. Buying Your Own Robux You can purchase this directly from the manufacturer. They're usually in bundles of 1000, 100, 50, 25, 10, 5, and 1. Prices vary. Buying Other People's Robux This is the process I used for the robux requests in my question. Buying robux for someone else's game is the only legitimate way to get any legitimately more robux than you have. With a 100 to 1000 increment, you can pay for a game and get some robux. Gaming Playing games will get you the most robux, as there are various things in the game that reward robux. There are also various in-game events that reward robux. Using your mouse in a game may also get you extra robux. More Available robux Dealing with your friend list. I can't discuss their treatment of players, but my friend list on this account has grown from 15 to around 12,000. The trick is to keep winning games, attend events, and use the invite functionality. In the past, none of my accounts have ever had more than 10,000 robux, but I've seen it happen! Another user on the same roblox.com roblox page has gotten over 50,000 robux by invite alone. Stop using free roblox games Using the free games on your roblox account is not going to get you anywhere, as these games
