What's New In Task Folders?

Task Folders is a personal task manager fully integrated with Windows file system. Task Folders gives you the opportunity to manage projects ♦ create hierarchical tasks list, set tasks priority, monitor progress and date of start and end. Besides, to every task you may attach folders and files, which are used in the process of its fulfillment. After that these folders will be displayed in Windows Explorer according to task status and progress. Thus, you won't have to run special application to find out status of a task ♦ you will see it when navigating through the file system. In case you need to change task status, you may use "Task Properties" item of Windows Explorer context menu. Limitations: □ 30days trial period When you select a task, you may drag and drop it into one of the related folders.Vladimir Stanković (footballer, born 1942) Vladimir Stanković (Serbian Cyrillic: Владимир Станковић, born 7 May 1942 in Valjevo) is a Serbian former professional football player and manager.
